

# Accessibility

This website has been designed to be as accessible as possible to people with disabilities. It is compatible with adaptive technologies including screen readers and text only web browsers.

To navigate through this website please use the navigation tabs at the top of the page.

This website has been built to comply with standards for most modern browsers. If the information does not display correctly, we suggest you update to the most current version of your preferred browser.

## Screen sizes

This website has been designed with a screen resolution of 1024 x 768. It will be viewable at a resolution of 800 x 600 but you will miss the total experience with such a large screen format.

If you would like to change your screen resolution to 1024 x 768, right click your mouse (from your desktop) and click on properties. Click the settings tab. Then select a screen resolution of 1024 x 768.

To enlarge your browser to fit the whole size of your screen:

- In Internet Explorer select View > Full Screen, or press F11.
- In Mozilla Firefox select View > Full Screen, or press F11.
- Other browsers may vary

## Font sizes

You may change the display font size to your preference by using the Text size - + buttons at the top of the screen.

Alternatively, you can use your browser:

- In Internet Explorer, select View > Text size and then your preferred size.
- In Mozilla Firefox, select View > Text size and then your preferred size.
- Other browsers may vary.

## Style sheets and Font colours

You may import your own style sheet into this website:

- In Internet Explorer select Tools > Internet options > Accessibility. Next click on any or all of three checkboxes to ignore colours, font styles or font sizes. In the same window you can change your style sheet by

clicking the checkbox that says, 'format documents using my style sheet' then simply browse to your style sheet and click OK.

- In Mozilla Firefox select Tools > Options > Content then your chosen font family.
- Other browsers may vary.

## **Remove all colour information**

To navigate this site without colour:

- In Internet Explorer select Tools > Internet options > Accessibility > Ignore colours specified on Web pages.
- In Mozilla Firefox select Tools > Options > Content > Fonts & Colours > Colours > then uncheck 'Allow pages to choose their own colours, instead of my selections above'.

## **Documents**

Some of the files on this website are supplied in PDF format. We recommend that users [download the latest FREE version of Adobe Reader](#) to view these. Other documents are supplied in Microsoft Word format. We recommend that users [download the latest FREE version of Word Viewer](#) to view these.
